The SCAN[®] is a comprehensive evaluation tool used in the classroom and workplace, aiding in the evaluation of clinical competencies of sonographers, echocardiographers, vascular technologists, radiographers, and residents. Instructions for utilization, tailoring and integrating the SCAN into your system, and continuing education record forms can be found in a downloadable PDF format on our web site (<http://ifser.org>). Student forms include affective and psychomotor proficiencies, ongoing progress record of scanning competencies, clinical log forms, specialty specific clinical experience records, and blank proficiency forms.
